

Can you use junk modelling materials to create a rocket ship or flying saucer?

Make a poster to tell us how we can recycle things to save our planet.

Draw a picture and write a sentence about aliens that might live on a different planet.

Can you make five little alien puppets to accompany our rhyme?

Use a computer or an information book to find five facts about our solar system.

Draw a picture of all the things that are magnetic at home.

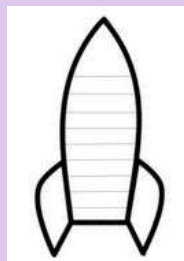

Tell us all about the different machines and clever devices that you use at home.

Did you know aliens love underpants? Can you design a new set of underwear?

Make a list of things that you would pack if you were going to travel to the moon.

### Reception Home Learning – Space and Super Heroes

Please complete as many home learning experiences as you wish. Four or more would be amazing!

Tick the experiences as you go.

Here are some ideas on how your child could present his or her home learning:

- ☺ Take photographs to share at school.
- ☺ Encourage your child to draw pictures and write sentences about their learning.
- ☺ Ask friends or family members to write a review for things you cook, make or do.
- ☺ Record new experiences and achievements on a Wow Slip.
