

Dear Parents and Carers 11.03.19

This week we will be exploring the story of Monstersaus. The children will be taking on the role as Monty and thinking of their own inventions. They will be selecting a page from Monty's invention book and trying to make their own Monster friend. If you have any Monster books at home we would love to share them at school so please bring them in!

In Maths we will be adding by counting along a number line. We will also be using time related vocabulary.

Words of the week

- Please remember that parents and carers need to remain at the bottom of the slope in the mornings. Any messages you have can be passed onto the member of staff standing at the bottom of the slope with a high vis jacket on.
- This weeks Easy Peasy game is 'Storyteller.' This supports your child's speaking. Hearing and saying stories encourages language and supports academic and social development.
- Do you know you can follow Reception on twitter. We regularly post throughout the day on what the children are learning about MissHopkinson_RSW or R_S_Wood. Give us a follow if you'd like to see more.
