

Reading Challenge

As a school we are focusing on reading and encouraging all children to read more regularly at home – aiming for at least 5 times a week.

The number of times read at home will be counted each Friday and we are aiming for 100% reading 5 times or more a week. The winning class get Boris and Bella the reading bears for the week.

Geography

Select a country of the world and find out what the capital city of the country is.

Research the capital city and present your findings in any way you think suitable.

You could type it, make a poster, build a scale model of the city or even plan a holiday to the location with a budget and itinerary!

Science

Careers in science.

Research into different science based careers and select one to find out more about.

Present your findings however you think appropriate.

Remember: there are lots of jobs you might not even realise are careers in science!

Let's get creative!

These are **enrichment activities** that you may choose to do with your child at home, to support their learning. Pick at least 2 and please hand these into Miss Dodd by Friday 17th May.

Homework Year 6 – Term 5

D and T

Let's get baking! Make a book themed cake or cakes!

Bring in photos to show us what you've made or if you are really generous, bring it in to share – as long as it is nut free!

The most creative will get a prize! Here are some examples to get you started.

History

The history of technology!

Select a piece of technology e.g. mobile phones, iPads, computer games etc. Research into the history of the technology. Present your findings in an interesting and informative way.

Art Go Ape!

Get creative and make me an ape or monkey. Research into the different types of ape and monkey then select your favourite – Miss Dodd can't decide between gibbons or tamarins! Once you have chosen, create me a piece of art representing it. This could be a painting, a drawing, a clay sculpture, a sewn toy or anything else artistic!

Surprise your teacher!

Your choice! Show me what you have been learning in any way you want.

This could be a poster, a PowerPoint or a sculpture. It could be a cake or a script. It can be absolutely anything that shows off what you have been learning about.

Remember that photos or documents on a memory stick are fine! Miss Dodd can save and print them.
