

Weekly Homework

There will also be weekly activities sent out in their homework books. This will include their spelling words and times table activities.

By the end of Year 4 they must know all of their multiplication and division facts up to 12!

As a school, we are focusing on reading and encouraging all children to read more regularly at home – aiming for at least 5 times a week.

Ensure your child reads with an adult at least 5 times a week and they will receive a reading medal, a dip in my reward tin **and** a stamp in their Reading Passport!

In response to recent parent surveys, homework at Churchwood is changing!

Let's get creative!

These are **enrichment activities** that you may choose to do with your child at home, to support their learning. Pick at least 2 and please hand these into Miss Klein by 10th December.

History

Create a fact file about how the River Nile has changed over time – from Ancient Egyptian times to present day. Was it more important to the people back then than it is now?

Art

Create your own piece of river themed artwork. You could paint, sketch, colour or create a collage with a variety of materials...whatever you wish! What things will you include in your masterpiece?

Geography

Next term, we will be learning about rivers in our locality and beyond!
Research rivers in Sussex and present your findings however you wish.

ACADEMY

Rivers of Babylon Homework Year 4 – Term 2

DT

In Design Technology this term, we will be focusing on **food!** Cook, bake or prepare something at home with an adult...the choice of what you decide to cook is entirely up to you at home!
(I am happy to do any testing...any testing at all 😊)
You could bring in the finished product, take photographs or write down the recipe!

Computing

Create your own “E-Safety Superhero!”
They must inform someone of the Zip It, Block It, Flag It rule!

Science

In Science, we will be learning about materials; in particular living things and environmental changes. Make a note of any living things (animals, insects) that you spot and note down their **environment** as well – where did you see them?
