

Dear Y2 Parents and Carers 29.10.18

Learning Journey

In Science we are learning to identify living, dead and never living objects. In Geography we are learning to name and locate the world's seven continents and five oceans. In Art we are learning to experiment with tones using pencils, chalk and charcoal by creating a picture of a volcano. In PSHE we are learning to recognise what I am good at and set simple goals by recognising what we are good at and what we need help with. In PE we are learning to perform and improvise dances using a range of movement patterns.

Maths

In Maths we are looking at addition with a particular focus on exchanging and reasoning using mathematical vocabulary.

Please remember to log on to Mathletics to complete some extra learning activities.

English

This week in English the pupils will be learning

Letters and Sounds

In Letters and Sounds we are learning about the -dge and -ge sound as well as revisiting the G and C sound. The pupils will practice reading and writing words with the suffixes.

Reading

In Reading we are using the learning behaviour discussing and explaining our ideas by agreeing with others using the sentence stem "I agree with ... because ..." when others are reading our book *The Lightening Key*.

Key events this week:

Monday 29th INSET day

Tuesday 30th Start of Term 2

Wednesday 31st Prospective parents
