

## Reading Challenge

As a school we are focusing on reading and encouraging all children to read more regularly at home – aiming for at least 5 times a week.

The number of times read at home will be counted each Friday and we are aiming for 100% reading 5 times or more a week. The winning class get Boris and Bella the reading bears for the week.

These are **enrichment activities** that you may choose to do with your child at home, to support their learning. Please complete two or more of these activities by Friday 8<sup>th</sup> February.

There will also be additional activities that link to recent learning in class and spellings sent out in their homework books – please speak to your child's teacher if you have any queries.

## English

Research an animal of your choice and write a non-chronological report (a fact file style piece) using the facts you find out.

## Art

Research an artist – maybe take a trip to a local gallery or the London National Portrait Gallery – and recreate one of their pieces of art work.

Miss Dodd is a particular fan of Van Gogh, Andy Warhol and Roy Lichtenstein.

## Maths/DT/Art

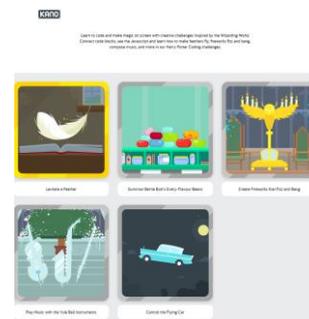

Create a game to help children practice their times tables. You can make a board game, card game or anything else you can think of that would do this.

# Homework Year 6 – Term 3

## Coding

Go to the following website:  
<https://hoc-2018.kano.me/map/home>

Have a go at as many of the tasks as you can. Which was your favourite? Which was the hardest?

## Science

Find a science experiment you can do at home. Google will be a good place to look to find ideas or you can buy kits in lots of shops. Carry out the experiment then write up what you did and what you found out.

Please be careful and only use things that are safe for children.

## D and T

Let's get cooking!

Find a recipe and make it. Cooking or baking it doesn't matter. Either write out and bring in the recipe, bring in photos or bring in the finished product.

Remember, if you are bringing in food to ensure it is a nut free recipe please.
