

### Weekly Homework

There will also be weekly activities sent out in their homework books. This will include their spelling words and times table activities.

By the end of Year 4 they must know all of their multiplication and division facts up to 12!

As a school, we are focusing on reading and encouraging all children to read more regularly at home – aiming for at least 5 times a week.

Ensure your child reads with an adult at least 5 times a week and they will receive a reading medal, a dip in my reward tin **and** a stamp in their Reading Passport!

### Let's get creative!

These are **enrichment activities** that you may choose to do with your child at home, to support their learning. Pick at least 2 and please hand these into Miss Dodd by 29<sup>th</sup> March 2019

### History

Research a famous historical figure of your choice. This could be a King or Queen, a famous scientist or inventor or another person of historical significance such as Mother Teresa. Report your findings in a style of your choice.

### Art

Mountain art.

Paint, build or draw a mountain or mountain landscape. Take care to be realistic and detailed.

## Homework Year 6 – Term 4

### Geography

Landmarks around the world.

Select a famous landmark such as the Shard or the Empire State Building. Find out as much as you can about it. Display this in a style of your choice. You could build a model of the landmark, draw it and annotate it with facts or create a fact page about it.

### Book Week Homework!

#### DEADLINE OF WEDNESDAY 6<sup>TH</sup> MARCH

In Term 4, we will be celebrating Book Week from **Monday 4<sup>th</sup> March – Friday 8<sup>th</sup> March.**

The whole academy have the same homework for this; to design their own piece of bunting for our school library!

Design the bunting to represent your favourite book or author. Be as creative as you like! There will be prizes for the winner in each class!

### Science

<https://www.dkfindout.com/uk/science/famous-scientists/>

Select a scientist to find out more about (you can choose someone not on the list above if you want) and create a fact sheet or PowerPoint explaining why they are important and influential in the world of science. Show us how they have changed the world!

### Surprise your teacher!

Your choice! Show me what you have been learning in any way you want.

This could be a poster, a PowerPoint or a sculpture. It could be a cake or a script. It can be absolutely anything that shows off what you have been learning about.

Remember that photos or documents on a memory stick are fine! Miss Dodd can save and print them.
