

Weekly Homework

There will also be weekly activities sent out in their homework books. This will include their spelling words and times table activities.

By the end of Year 4 they must know all of their multiplication and division facts up to 12!

As a school, we are focusing on reading and encouraging all children to read more regularly at home – aiming for at least 5 times a week.

Ensure your child reads with an adult at least 5 times a week and they will receive a reading medal, a dip in my reward tin **and** a stamp in their Reading Passport!

Geography

We have learnt a little about modern day Rome during our Term 3 Geography topic, but I would like you to research ancient Rome and what life was like compared to now. You can present your findings however you wish – it will be added to our topic display board!

<https://www.bbc.com/bitesize/articles/z2sm6s> is a very helpful website for this.

Science

Our Science topic in Term 4 is **movements, magnets and forces**.

For this piece of homework, research the different forces and give examples of these in everyday life. You could list them, draw them...whatever you wish! It will be added to our Science display board.

In response to recent parent surveys, homework at Churchwood has changed!

Let's get creative!

These are **enrichment activities** that you may choose to do with your child at home, to support their learning. Pick at least 2 and please hand these into Miss Klein by Friday 29th March.

Shields Up! Homework Year 4 – Term 4

Book Week Homework!

In Term 4, we will be celebrating Book Week from **Monday 4th March – Friday 8th March**.

The whole academy have the same homework for this; to design their own piece of bunting for our school library!

Design the bunting to represent your favourite book or author. Be as creative as you like! There will be **prizes** for the winner in each class! Hand in by **Wednesday 6th March**.

History

Research at least 5 new facts about the Romans – you could display them however you wish; as a fact-file, onto a Roman shield, onto a horse and chariot...however you wish! This will be added to our topic display board.

D.T

Design and make your own Roman shield! If you don't have any materials, please speak to Miss Klein – we have an abundance of cardboard boxes in school! Whilst you are researching, compare them to the Saxon and Norman shields; what similarities and differences can you spot?

Art

The Romans were famous for their mosaics. Create your own! You could use a range of materials – cut up pieces of paper, card, fabric...whatever you have to hand! If you would like any resources from school, speak to Miss Klein and you can raid the art cupboard for supplies!
