

## Dear Parents and Carers 25.02.19

Welcome to Term 4! We hope you had a fantastic half term. This term outdoor learning will be continuing on both a Tuesday and Wednesday morning—please ensure kits are in for these sessions to prevent school uniform from getting muddy. We will be having an educational visit to middle farm later in the term, look out for consent forms in due course.

### Learning Journey

Our learning journey this term is 'Let it grow'. The children will be learning to identify common plants and what plants need to grow—we will be planting our own flowers and vegetables in class. I wonder whose will grow the tallest!

### English

This term we will be having a strong focus on our handwriting and presentation skills. The children will be re-visiting the letter families and ensuring that they are taking pride and care in all of the work that they do.

### Maths

In Maths this week we will be continuing to look at different lengths and heights and working out the difference between the two. They will be using their knowledge of comparing lengths and heights to problem solve.

### Letters and Sounds

This week the children will continue Phase 5b, in which they will learn the alternative pronunciations for graphemes they already know.

This week the children will learn the alternative pronunciations of the grapheme /a/

**PE will remain on Mondays for both Hazelnuts and Chestnuts, please ensure all children have PE kit in school for 4.3.2019**
